

STUDENT Summer Internship Opportunities

Each year DOE offers summer internships across the department to college students. The summer internship application period opens in January of each year with varying deadlines. If are interested specifically in working for the Richland Operations Office or Office of River Protection, apply on-line (info below) AND send Oscar Holgado (oscar.holgado@rl.doe.gov) an email (with resume attached) stating as such and we will start looking for possible opportunities. The internships are typically 8-10 weeks in length and are located across the country.

Internship Opportunity #1: Minority Educational Institution Partnership Program

An excerpt from the website states: "The 2011 Minority Educational Institution Student Partnership Program offers talented undergraduate and graduate students summer internship positions with the U.S. Department of Energy and its national laboratories." Deadline to apply is **March 31st**. Go to: <http://www.doeminorityinternships.org/>

Internship Opportunity #2: DOE Scholars

Excerpts from the website state: "Join the U.S. Department of Energy (DOE) where the latest scientific research and development supports an improved quality of life for all Americans." DOE Scholars is a "unique new approach within DOE for introducing students or post-graduates to DOE's mission and operations." **Deadline to apply is January 31st**.
